

# TRAIN YOUR NEXT GENERATION OF LEADERS, VIRTUALLY

**Your next intern awaits. Partner with the Innovation School at Cool Valley to support your business or organization.**

The Innovation School at Cool Valley in the Ferguson-Florissant School District provides a student-centered learning environment, where high school students are actively invested in their learning and are challenged to pursue their interests. With your help, we will provide pathways to careers for students, and equip them with the skills needed to be effective in your company, and beyond.

## POTENTIAL INTERNSHIP PROJECTS

1

### Projects You've Been Putting Off

If there is a project your organization has been putting off, let our students' skills and talents support you!

2

### Virtual Support For Your Organization

If your organization needs support, you can work with advisors to design a beneficial solution with our students' support.

3

### Your Dream Project

If there is a project you've been wanting to start, but need more support to carry out your vision, our advisors can work with our students to make it happen!

4

### Research

If your business or organization is in need of research to support your mission, our students can provide support.
