Report on the Financial Statements

We have audited the accompanying cash basis financial statements of the governmental activities, each major fund, and aggregate remaining fund information of Ferguson Reorganized School District R-2 (the District), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 2; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position – cash basis of the governmental activities, each major fund, and aggregate remaining fund information of the District as of June 30, 2021, and the respective changes in financial position – cash basis, thereof and the respective budgetary comparison for the general fund and the major special revenue fund – cash basis for the year then ended, on the basis of accounting described in Note 2.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to that matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Ferguson Reorganized School District R-2 – Hazelwood, Missouri’s basic financial statements. The schedule of receipts, disbursements, and changes in fund balance – budget to actual – debt service fund and capital projects fund, the schedule of receipts by source – all governmental funds, and the schedule of disbursements paid by object, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is also presented for purposes of additional analysis and is not a required part of the basic financial statements.

The schedule of receipts, disbursements, and changes in fund balance – budget to actual – debt service fund and capital projects fund, the schedule of receipts by source – all governmental funds, the schedule of disbursements paid by object and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 21, 2022, on our consideration of the Ferguson Reorganized School District R-2's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

FERGUSON REORGANIZED SCHOOL DISTRICT R-2
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 1 DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

Ferguson Reorganized School District R-2 (the District) was established under the statutes of the state of Missouri, is governed by an elected seven-member board as described in Section 162.092 RSMo of the public school laws of Missouri. The Board of Education is the basic level of government that financial accountability and control over all activities related to public school education in the District.

The financial statements of the District consist only of funds of the District. The District has no financial accountability for any other governmental entity, since no other entities are considered to be controlled or dependent on the District. Control or dependence is determined on the basis of budget adoption, taxing authority, funding, and appointment of the respective board. In addition, the District is not aware of any entity which would exercise such oversight that would result in the District being considered a component unit of the entity.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The District's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information. Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. For the year ended June 30, 2021, all of the District's activities are classified as governmental type.

Government-Wide Financial Statements

The statement of net position presents the financial condition of the governmental activities of the District at year-end. The statement of activities presents a comparison between direct disbursements and program receipts for each program or function of the District's governmental activities. Direct disbursements are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program receipts include charges paid by the recipient of the goods or services offered by the program, grants, and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Receipts which are not classified as program receipts are presented as general receipts of the District. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function is self-financing or draws from the general receipts of the District.

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

Fund Financial Statements

The District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The District uses only the governmental category of funds. All the funds of the District are considered major due in part to an administrative directive from the Missouri Department of Elementary and Secondary Education.

Governmental Funds

General (Incidental) Fund: Accounts for all transactions having to do with the operations of the school district's regular programs, except those required to be accounted for in another fund.

Special Revenue (Teachers) Fund: Accounts for revenue sources legally restricted for expenditures for salaries and benefits for teachers and tuition payments to other districts/charter schools, private schools, etc.

Debt Service Fund: Accounts for all transactions affecting the value of the unpaid principal of bond issues, value of cash on deposit in the fund, the value of any temporary investments, the amount of current interest and principal requirements of long-term debt and paying agent fees.

Capital Projects Fund: Accounts for all facility acquisition, construction, lease purchase principal and interest payments and all other capital outlay expenditures.

Proprietary Fund

Internal Service Fund: The Internal Service Fund accounts for premiums collected for the payment of claims associated with the District's self-insurance activities (primarily medical benefits). Disbursements consist primarily of claims paid for medical treatment and prescription drugs along with miscellaneous government fees, claims administration, and reinsurance fees.

Government-Wide Financial Statements

The District's policy is to prepare its government-wide financial statements on the cash basis of accounting, consequently, receipts are recognized when received rather than when earned, and disbursements and purchases of assets are recognized when cash is disbursed rather than when the obligation is incurred. Accordingly, the government-wide financial statements present the net position and activities of the District on a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

Fund Financial Statements

The District's policy is to prepare its fund financial statements on the cash basis of accounting; consequently, receipts are recognized when received rather than when earned, and disbursements and purchases of assets are recognized when cash is disbursed rather than when the obligation is incurred. Accordingly, the fund financial statements present the financial position and results of operations of the funds on a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

Budgetary Data

The District adheres to the following procedures in establishing the budgetary data reflected in the financial statements:

In accordance with Chapter 67, RSMo, the District adopts a budget for each fund.

Prior to July, the Superintendent, who serves as the budget officer, submits to the Board of Education a proposed budget for the fiscal year beginning on the following July 1. The proposed budget includes estimated receipts and proposed disbursements for all District funds. Budgeted disbursements cannot exceed beginning available monies plus estimated receipts for the year.

Prior to approval of the annual budget by the Board of Education, a public hearing is conducted to obtain taxpayer comments. The budget document is available for public inspection prior to the public hearing.

The budget was legally enacted by the vote of the Board of Education on June 10, 2020. Subsequent to its formal approval of the budget, the Board of Education has the authority to make necessary adjustments to the budget by formal vote of the Board. Adjustments made during the year are reflected in the budget information included in the monthly financial statements. Budgeted amounts are as originally adopted, or as amended by the Board of Education.

Budgets for District funds are prepared and adopted on the cash basis (budget basis), recognizing receipts when collected and disbursements when paid.

Restricted Assets

Restricted cash and investments represent amounts whose use is limited by legal requirements. The Debt Service Fund, restricted cash and investments consists of amounts escrowed for future general obligation bond and interest payments.

Cash and Investments

The District maintains an investment pool that is available for use for all funds, except the Debt Service Funds. Debt Service Funds are required by Section 165.011 RSMo to maintain separate cash and investment accounts. The pool consists of interest bearing money market funds and the Missouri Direct Deposit Program, an unregulated external investment pool. Participation in the Missouri Direct Deposit Program are voluntary. In addition, other cash and investments are separately held by the District's funds.

Investments are carried at cost. Investment earnings include interest income received. Investment income earned in the pooled accounts is allocated to the participating funds in proportion to the average balances in each fund. Other investment income is assigned to the funds with which the related investment asset is associated.

Compensated Absences

Vacation time, personal business days, and sick leave are recorded as disbursements in the year paid.

Teachers' Salaries

Payroll checks written and dated in June 2021, for July and August 2021 payrolls from 2020–2021 contracts, are included in the financial statements as a disbursement paid in the month of June. This practice has been consistently followed in the previous years.

Postemployment Benefits

In addition to the pension benefits described in Note 8, the District provided postemployment payments to select groups of employees who completed their letter of employment and retired from the District at the end of the 2015-2016 and 2017-2018 school years. The District provided an annual \$6,000 stipend for three years to certified retirees who met the 12-year service criteria and were eligible to retire under PSRS and complete a separation agreement. Moreover, support staff who met the 10-year service criteria and are eligible to retire under PEERS or PSRS are also eligible to receive the \$6,000 stipend for three years after completing a separation agreement. Retired employees may also purchase health coverage for themselves and on members of their family and that cost is paid to the District according to the current group rates and terms. The District has reserved the right to modify future terms with regard to benefits for retirees. The unfunded portion of postemployment health care coverage is unknown.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District provides health care benefits to eligible former employees and eligible dependents. Certain requirements are outlined by the Federal government for this coverage. The premium is paid by the insured either monthly or quarterly at the insured's discretion for the next period's coverage. There is no associated cost to the District under this program.

Net Position

Net Position represents the difference between assets and liabilities. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The District first applies restricted resources when a disbursement is incurred for purposes for which both restricted and unrestricted net position is available.

Fund Balance

In the fund financial statements, restricted funds are constrained from outside parties (statute, grantors, bond agreements, etc.). The Board of Education (the Board) has the authority to set aside funds for a specific purpose. Commitments are authorized by the Board based on fund placement in the original adopted and later revised budget, as well as by Board resolution. Upon adoption of a budget where fund balance is used as a source to balance the budget, the Chief Financial Officer shall record the amount as Assigned Fund Balance. The Board delegates the authority to assign amounts for specific purposes to the Chief Financial Officer. Unassigned fund balances are considered the remaining amounts. When both restricted and unrestricted funds are available for disbursement, restricted funds should be spent first unless legal requirements disallow it. When committed, assigned and unassigned funds are available for disbursement, committed funds should be spent first, assigned funds second, and unassigned funds last.

The nature and purposes of the restricted balances are:

Restricted for Teachers' Salaries and Benefits: The District has \$3,380,009 segregated for teachers' salaries and benefits.

Restricted for Capital Projects: The District has \$3,945,954 set aside for purposes of future capital projects through the Capital Projects Fund.

Restricted for Debt Services: The District has \$3,608,914 set aside for purposes of future debt service related items.

The Board recognizes that the maintenance of fund balances are essential to provide for unforeseen expenses or emergencies and to provide working capital in the first several months of the fiscal year until sufficient receipts are available to fund operations. By maintaining appropriate fund balances, the District can avoid excessive short-term borrowing and interest expense.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance (Continued)

The District strives to maintain a minimum fund balance in its operating funds no less than a range of 12% - 15% of its prior year operating disbursements. This minimum level is estimated to be sufficient to provide adequate resources to meet operational needs, to allow for emergencies, and to permit necessary adjustments resulting from fluctuations in revenue sources. If fund balances are ever projected to decline below the 12% floor, administration will develop a plan to replenish the fund balance above the minimum level. The classifications of committed, assigned and unassigned will be combined when calculating the minimum operating fund balance.

Interfund Activity

Exchange transactions between funds are reported as receipts in the seller funds and as disbursements in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Interfund receivable and payable are eliminated in the statement of net position.

NOTE 3 CASH AND INVESTMENTS

Custodial Credit Risk – Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District maintains a cash and investment pool that is available for use by all funds (state law requires that all deposits of the Debt Service Fund be kept separate and apart from all other funds of the District). Each fund type's portion of this pool is displayed on the combined statement of assets, and fund balances arising from cash transactions under each fund's caption. In accordance with applicable Missouri statute, the District maintains deposits at depository banks authorized by the District's board.

Custodial Credit Risk – Repurchase Agreements and Certificates of Deposit

The District has a custodial credit risk policy for repurchase agreement investments and for certificates of deposit which requires these funds to be collateralized at least 102% or greater of the balance plus any demand deposit with the depository, less any insurance (FDIC or NCUSIF), as applicable. As of June 30, 2021, the District was not exposed to custodial credit risk. Missouri Statutes require that all deposits be protected by insurance, surety bond, or collateral. The market value of the collateral pledged must equal 100% of the deposits not covered by insurance or corporate surety bonds.

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Custodial Credit Risk – Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The District has a custodial credit risk policy to minimize credit risk by (1) pre-qualifying the financial institutions, brokers/dealers, intermediaries, and advisors with which the District will do business and (2) diversifying the portfolio so that potential losses on individual securities will be minimized. There are no securities from issuers totaling 5% or more of the District's investment balance as of June 30, 2021.

Deposits

The District's deposits in banks at June 30, 2021, were entirely covered by federal depository insurance or by surety bonds and collateral in accordance with Missouri Statutes.

Investments

The District may purchase any investments allowed by the State Treasurer and Repurchase Agreements. These include (1) obligations of the United States government or any agency or instrumentality thereof maturing and becoming payable not more than five years from the date of purchase, or (2) repurchase agreements maturing and becoming payable within 180 days secured by U.S. treasury obligations or obligations of U.S. government agencies or instrumentalities of any maturity, as provided by law and/or board policy.

The District participates in the Missouri Direct Deposit Program which is a mechanism for public school bond repayments through the Missouri Health and Educational Facilities Authority (MOHEFA) Bond Program. It authorizes the direct deposit of a portion of the District's state aid payment by the state of Missouri to a trustee bank that accumulates these payments and then makes the principal and interest payments to the paying agent on the bonds. Investments in this program are classified as restricted investments.

Investment Credit Risk

The District has policies in place to minimize credit risk, the risk of loss due to the failure of the security issuer or backer, by:

- pre-qualifying the institution with which the District will do business.
- diversifying the portfolio so that potential losses on individual securities will be minimized.

Investment Credit Risk (Continued)

The District participates in the Missouri Direct Deposit Program which is a mechanism for public school bond repayments through the Missouri Health and Educational Facilities Authority (“MOHEFA”) Bond Program. It authorizes the direct deposit of a portion of the District’s state aid payment by the State of Missouri to a trustee bank that accumulates these payments and then makes the principal and interest payments to the paying agent on the bonds. The direct deposits occur monthly, and balance is withdrawn every six months to pay the debt service requirement of the related bond issues. At June 30, 2021, the District had \$561,287 in this program, which has been classified as investments.

A summary of the District’s investments, certificates of deposit, credit risk, and weighted average maturities as of June 30, 2021 is as follows:

<u>Type of Investments</u>	<u>S&P Credit Rating</u>	<u>Weighted Maturity</u>	<u>Carrying Amount</u>
External Investment Pool:			
Missouri Direct Deposit Program	AA+	Not Applicable	\$ 561,287
Total			<u>\$ 561,287</u>

The underlying securities in this program are comprised as follows:

<u></u>	<u>Interest Rates</u>	<u>Maturity Date</u>	<u>Carrying Amount</u>
Wells Fargo Government Money Market Fund	N/A	N/A	\$ 561,287
Total			<u>\$ 561,287</u>

Investment Interest Rate Risk

The District has policies in place to minimize the risk that the market value of securities in the portfolio will fall due to changes in general interest rates by structuring the investments portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity and by investing operating funds primarily in shorter-term securities. Investments in banker’s acceptances and commercial paper shall mature in no more than 180 days from purchase date and all other investments, with the exception of investments in the Missouri Direct Deposit Program, shall mature and become payable in no more than five (5) years from the purchase date. Weighted average maturities of investments held at June 30, 2021 are provided in the schedule above.

NOTE 4 TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and payable by December 31. The county collects the property tax and remits it to the District. The District also receives sales tax collected by the state, remitted based on Weighted Average Daily Attendance (WADA).

The assessed valuation of the tangible taxable property for the calendar year 2020 for purposes of local taxation was \$1,081,230,880.

The tax levy per \$100 of the assessed valuation of tangible taxable property for the calendar year 2020 for purposes of local taxation was:

	Unadjusted	Adjusted
General (Incidental) Fund	\$ 2.5900	\$ 2.5900

NOTE 6 RETIREMENT PLAN

PEERS

Plan Description. PEERS is a mandatory cost-sharing multiemployer retirement system for all public school district employees (except the school districts of St. Louis and Kansas City), employees of the Missouri Association of School Administrators, and community college employees (except the Community College of St. Louis). Employees of covered districts who work 20 or more hours per week on a regular basis and who are not contributing members of the Public School Retirement System of Missouri (PSRS) must contribute to PEERS. Employees of PSRS who do not hold Missouri educator certificates also contribute to PEERS. PEERS was established as a trust fund by an Act of the Missouri General Assembly effective October 13, 1965. Statutes governing the System are found in Sections 169.600 - 169.715 and Sections 169.560 - 169.595 RSMo. The statutes place responsibility for the operation of PEERS on the Board of Trustees of the Public School Retirement System of Missouri. A Comprehensive Annual Financial Report (CAFR) can be obtained at www.psr-peers.org.

Benefits Provided. PEERS is a defined benefit plan providing service retirement and disability benefits to its members. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of five years of service, (b) have 30 years of service, or (c) qualify for benefits under the "Rule of 80" (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 1.61% benefit factor.

Members qualifying for "Rule of 80" or "30-and-out" are entitled to an additional temporary .8% benefit multiplier until reaching minimum Social Security age (currently age 62). Actuarially age-reduced retirement benefits are available with five years of service at age 55. Members who are younger than age 55 and who do not qualify under the "Rule of 80" but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount. A Summary Plan Description detailing the provisions of the plan can be found on PSRS' website at www.psr-peers.org.

Cost-of-Living Adjustments (COLA). The PEERS board has established a policy of providing a 2.00% COLA for years in which the CPI increases between 0.00% and 5.00%. If the CPI increase is greater than 5.00%, the Board will provide a COLA of 5.00%. If the CPI decreases, no COLA is provided. For any member, such adjustments commence on the fourth January after commencement of benefits and occur annually thereafter. The total of such increases may not exceed 80% of the original benefit for any member.

Contributions. PEERS members were required to contribute 6.86% of their annual covered salary during fiscal year 2021. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS board of trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 0.5% of pay.

PEERS (Continued)

The District's contributions to PEERS for the years ending June 30, 2021 and 2020, were \$1,751,215 and 1,743,495, respectively, equal to the required contributions for each year.

PSRS

Plan Description. PSRS is a mandatory cost-sharing multiple employer retirement system for all full-time certificated employees and certain part-time certificated employees of all public school districts in Missouri (except the school districts of St. Louis and Kansas City) and all public community colleges. PSRS also includes certificated employees of PSRS, Missouri State Teachers' Association, Missouri State High School Activities Association, and certain employees of the state of Missouri who elected to remain covered by PSRS under legislation enacted in 1986, 1987 and 1989. The majority of PSRS members are exempt from Social Security contributions. In some instances, positions may be determined not to be exempt from Social Security contributions. Any PSRS member who is required to contribute to Social Security comes under the requirements of Section 169.070 (9) RSMo, known as the "2/3's statute." PSRS members required to contribute to Social Security are required to contribute two-thirds of the approved PSRS contribution rate and their employer is required to match the contribution. The members' benefits are further calculated at two-thirds the normal benefit amount. A Comprehensive Annual Financial Report (CAFR) can be obtained at www.psr-peers.org.

Benefits Provided. PSRS is a defined benefit plan providing retirement, disability, and death/survivor benefits. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of 5 years of service, (b) have 30 years of service, or (c) qualify for benefits under the "Rule of 80" (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 2.5% benefit factor. Beginning July 1, 2001, and ending July 1, 2014, a 2.55% benefit factor is used to calculate benefits for members who have 31 or more years of service. Actuarially age-reduced benefits are available for members with five to 24.9 years of service at age 55. Members who are younger than age 55 and who do not qualify under the "Rule of 80" but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount. A Summary Plan Description detailing the provisions of the plan can be found on PSRS' website at www.psr-peers.org. Since the prior valuation date, the benefit provisions were amended to make permanent an early retirement benefit allowing members to retire at any age after 25 years of service.

Cost-of-Living Adjustments (COLA). The PSRS board has established a policy of providing a 2.00% COLA for years in which the CPI increases between 0.00% and 5.00%. If the CPI increase is greater than 5.00%, the board will provide a COLA of 5.00%. If the CPI decreases, no COLA is provided. For any member retiring on or after July 1, 2001, such adjustments commencement of benefits and occur annually thereafter. The total of such increases may not exceed 80% of the original benefit for any member.

Contributions. PSRS members were required to contribute 14.5% of their annual covered salary during fiscal year 2021. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS board of trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 1% of pay. Contributions for employees of the state of Missouri were made by the state in accordance with the actuarially determined contribution rate needed to fund current costs and prior service costs of state employees as authorized in Section 104.342.8 RSMo. The District's contributions to PSRS for the years ending June 30, 2021 and 2020 were \$9,524,335 and \$9,076,141, respectively, equal to the required contributions for each year.

NOTE 7 TAX ABATEMENTS

Tax abatements, as defined by Governmental Accounting Standards Board (GASB) Statement No. 77, Tax Abatement Disclosures (GASB 77), are agreements between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. This Statement requires disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and that reduce the reporting government's tax revenues.

Since the District does not and has not entered into tax abatement agreements directly with any individuals or entities, the following estimates are from tax abatements entered into by other governments, specifically the county and municipalities within the District's boundary, that have reduced the District's tax revenues.

Tax Increment Financing affecting Ferguson Reorganized School District R-2

Missouri's Real Property Tax Increment Allocation Redevelopment Act enables cities to finance certain redevelopment costs with the revenue generated from (i) payments in lieu of real estate taxes, as measured by the net increase in assessed valuation resulting from redevelopment and (ii) a portion of the increase in other local tax revenue associated with new economic activity. When a tax increment financing (TIF) plan is adopted, real estate taxes in the redevelopment are affected. By applying the real estate tax rate of all taxing districts having taxing power within the redevelopment area to the increased assessed valuation resulting from redevelopment, a tax "increment" is produced.

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 7 TAX ABATEMENTS (CONTINUED)

The estimated TIF incremental values and the District's net reduced tax revenue resulting from the TIFs adopted are as follows for the year ended June 30, 2021:

	TIF Incremental Value/Assessments	Reduced Tax Revenues
Various Redevelopment Project Areas Within the District's Geographic Area	<u>\$ 35,959,140</u>	<u>\$ 1,877,822</u>

NOTE 8 PARTICIPATION IN PUBLIC ENTITY RISK POOL – (MUSIC)

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District participates in an insurance trust with approximately 467 other Missouri Public School Districts that form the Missouri United School Insurance Council (MUSIC). MUSIC is a public entity risk pool currently operating as a common risk management and insurance program.

The District does not pay premiums to purchase insurance policies but pays an assessment to be a member of the self-sustaining risk sharing group. Part of the assessment is used to purchase excess insurance for the group as a whole. By participating in this pool, the District can obtain coverage more economically than if purchased separately.

The pooling agreement requires the pool to be self-sustaining. The District believes that it is not possible to estimate the range of contingent losses to be borne by the District.

The District has not had any significant decreases in coverage over the prior year and settled claims have not exceeded coverage in any of the preceding three years.

NOTE 9 SELF INSURANCE

The District has a self-insurance plan which covers participating employees' and retirees' medical coverage. Both the members and the District contribute to a reserve maintained by an insurance administrator, which is used to pay claims. The District utilizes an Internal Service Fund to account for the activity of the plan. A premium is charged to each fund that accounts for employees' salaries based on past trends and experience. Provisions are also made for unexpected or unusual claims.

FERGUSON REORGANIZED SCHOOL DISTRICT R-2
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 10 COMMITMENTS AND CONTINGENCIES

Litigation

The District is subject to asserted and unasserted claims encountered in the normal course of business. The District's management and legal counsel assess such contingent liabilities and such assessment inherently involves an exercise of judgment. In assessing loss contingencies related to legal proceedings that are pending against the District or unasserted claims that may result in such proceedings, the District's legal counsel evaluates the perceived merits of any legal proceedings or unasserted claims as well as the perceived merits of the amount of relief sought or expected to be sought therein. In the opinion of management, disposition of these matters will not have a material effect on the District's financial condition or results of operations.

Federal and State Revenue

Amounts received from federal or state agencies are subject to agency audit and adjustment. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund. The amount, if any, of funds which may be disallowed by the agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

FERGUSON REORGANIZED SCHOOL DISTRICT R-2
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED JUNE 30, 2021

Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Ferguson Reorganized School District R-2 and is presented on the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. In addition, noncash food commodities are reported at estimated fair value. The information in this schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the District.

Summary of Significant Accounting Policies

Expenditures reported on the schedule of expenditures of federal awards are reported on the cash basis of accounting and, accordingly, represent the total cash expended for the program, with the exception of Assistance Listing 21.019, which follows criteria determined by the Department of Treasury for allowability of costs. Under these principles, certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The schedule of expenditures of federal awards does not include transactions that might be included using the accrual basis of accounting as contemplated by generally accepted accounting principles.

Indirect Cost Rate

The School District has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

Commodities

Commodities are included in schedule of expenditures of federal awards as appropriate but are not included within the financial statements due to the financial statement being presented on the cash basis method of accounting.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Education
Ferguson Reorganized School District R-2
Hazelwood, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Ferguson Reorganized School District R-2 (the District), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated April 21, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as item 2021-001 and 2021-002 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The District’s Response to Findings

The District’s response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The District’s response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Education
Ferguson Reorganized School District R-2
Hazelwood, Missouri

Report on Compliance for Each Major Federal Program

We have audited Ferguson Reorganized School District R-2's (the District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2021. The District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the result of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Section II – Financial Statement Findings

Finding 2021-001 – BANK RECONCILIATIONS

Type of Finding: Significant Deficiency in Internal Control over Financial Reporting

Condition: Management's bank reconciliation included differences that could not be reconciled to supporting documentation. The differences noted were not material to the financial statements.

Criteria: Management is responsible for the preparation and fair presentation of these financial statements in accordance with the District's basis of accounting. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Effect: Errors or irregularities in bank reconciliations could occur and go undetected. Opportunities could exist for the concealment of fraudulent financial activity and / or misstatements to the financial statements.

Cause: Although current procedures require that complete bank reconciliations be performed timely and without error; unreconciled differences were noted throughout the year.

Repeat Finding: This was a finding in the prior year at 2020-001

Recommendation: We recommend that the District design controls over bank reconciliations to require supporting documentation for all reconciling items, reconciliations are performed timely and proper review is performed over bank reconciliations.

View of Responsible Officials: There is no disagreement with this audit finding.

Finding 2021-002 – AUDIT ADJUSTMENTS

Type of Finding: Significant Deficiency in Internal Control over Financial Reporting

Condition: The District was unable to provide a balance chart of accounts. The unbalanced amounts were not material to the financial statements.

Criteria: Management is responsible for the preparation and fair presentation of these financial statements in accordance with the District's basis of accounting. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Effect: The Districts financial statements required audit adjustment to properly balance the financial statements. Unbalanced entries could create material misstatements.

Cause: An accounting system error.

Repeat Finding: This was not a finding in the prior year.

INDEPENDENT AUDITORS' REPORT ON TRANSPORTATION COSTS PAID ELIGIBLE FOR STATE AID

Board of Education
Ferguson Reorganized School District R-2
Hazelwood, Missouri

Report on Transportation Costs

We have audited the accompanying cash basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Ferguson Reorganized School District R-2 (the District), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents. We have issued our report thereon dated April 21, 2022, which contained unmodified opinions on those financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements as a whole. The accompanying Report on Schedule of Transportation Disbursements is presented for purposes of additional analysis as required by the Missouri Department of Elementary and Secondary Education (DESE) and is not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Report on Schedule of Transportation Disbursements is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

This report is intended solely for the information and the use of the administration, management, Board of Education, and the Missouri Department of Elementary and Secondary Education, and is not intended to be, and should not be, used by anyone other than these specific parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH STATE REQUIREMENTS

Board of Education
Ferguson Reorganized School District R-2
Hazelwood, Missouri

We have examined management of Ferguson Reorganized School District R-2's assertion that Ferguson Reorganized School District R-2 (the District) complied with the requirements of Missouri laws and regulations regarding budgetary and disbursement procedures, attendance and pupil transportation records and other statutory requirements as listed in the Schedule of Selected Statistics during the period July 1, 2020 to June 30, 2021. The District's management is responsible for its assertion. Our responsibility is to express an opinion on management's assertion about the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion about compliance is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, management's assertions that the District complied with the aforementioned requirements for the year ended June 30, 2021 are fairly stated, in all material respects.

The purpose of this report is to provide information to the administration, Board, management, and the MO DESE concerning the District's compliance with the aforementioned requirements. The report is not suitable for any other purpose.
