

What is the LINK Family Time Program?

As part of the Ferguson-Florissant School District Early Education Department, LINK is a **FREE daytime** program that serves as a support group for parents and their children from birth to age 5.

For **parents and grandparents**, LINK Family Time provides a place for learning through discussions on family related topics, as well as interaction with their children in the child activity rooms.

For **children from birth to age 5**, LINK Family Time provides a place for exploring the outside world. Opportunities to experience a wide range of social, motor, sensory, and creative learning activities are provided. Music and Movement, Messy Activities, Creative Activities, and Field Trips are an important part of LINK Family Time that **children and parents experience together**.

Ferguson-Florissant School District Residents: F R E E

Non-District Residents: \$40 exact cash each semester per family
