MEET DEBBIE CONNELL-DENT

FAMILY NURSE PRACTITIONER

WHY DID YOU CHOOSE HEALTH CARE AS A PROFESSION?

My main reason for choosing health care has been to help others achieve a state of wellness. From elementary school watching my father battle cancer, I met many exceptional medical professionals and knew then that I wanted to be the person to make a difference in someone's life. Advancing my degree as a nurse practitioner has given me the opportunity to provide the care each person deserves.

WHAT IS YOUR CUSTOMER SERVICE PHILOSOPHY?

My customer service philosophy is to treat each patient/client as I would treat my family. I try to extend the same quality of care that I would want for my family members.

WHAT'S ONE THING YOU TELL EVERY PATIENT OR CUSTOMER?

I start each visit by asking the patient what their concern for this visit is. I also let them know that there is no question they should feel uncomfortable asking and to never hesitate to call with questions.

WHAT'S THE BEST PART OF YOUR JOB?

Having knowledge as a nurse practitioner allows me to diagnose an illness, treat it, and take the time to provide education on how to have a healthy lifestyle. I also love to develop a rapport with the patients I am treating and meet them where they are in terms of their health care and their needs.

DO YOU HAVE ANY HOBBIES OR SPECIAL INTERESTS?

I enjoy spending time with my family and friends, physical fitness and cooking.

WHAT IS YOUR FAVORITE PART OF LIVING IN THE ST. LOUIS METRO AREA?

There are many places to see and things to do, such as the Zoo, St. Louis Cardinals and St. Louis Blues.
